

Capability Statement

About US

Lighthouse Federal provides specialized intelligence and information services uniquely tailored for government agencies, with a primary emphasis on serving the **Department of Justice (DOJ)** and the **Department of Defense (DOD)**. Our mission is focused on empowering governmental entities with comprehensive & cutting-edge **intelligence** research, crime **analysis** & criminal informational services, all directed towards bolstering **national security** and advancing **public safety** initiatives.

Core Competencies

- **Law Enforcement Background:** Our background in Law Enforcement provides invaluable insights into law enforcement **protocols**, investigative **techniques**, and security **procedures**, enhancing the company's ability to address security challenges effectively.
- **Homeland Security Acumen:** We possess a comprehensive understanding of national security issues, emergency management **strategies**, and risk assessment **methodologies**, contributing to the development of robust security **solutions**.
- **Security Analysis Skills:** Our background on DOJ contracts included analyzing security **threats**, conducting risk assessments, and developing mitigation strategies, showcasing analytic AI capabilities.
- **Regulatory Compliance Expertise:** Our knowledge with regulatory frameworks, compliance requirements, and industry standards ensures that Lighthouse Federal operates ethically, legally, and in alignment with client expectations.

Our Differentiators

- **Expert Team:** Lighthouse Federal provides an expert team of security professionals, with specialized skills in intelligence research, crime analysis, and security operations.
- **Client-Centric Approach:** Our approach starts with a needs assessment to understand the unique needs of government agencies such as the DOJ and DOD.
- **Operational Excellence:** We achieve operational excellence through a strategic approach that involves continuous improvement and creating a culture where employees and management are invested in the business's outcomes.

Past Performance

- Provided security services for a Fortune 500 company with security receptionist and executive protection.
- Performed threat assessments for Property managers in Washington DC for Asset protection.
- We have performed Intelligence Research Analytical work for the U.S Marshals Services.
- Performed Criminal Indexing training development for DOD.
- Performed security consultation, camera surveillance and roving patrol for a Washington D.C charter school.
